

Agenda Item 5.10.20: Biodiversity matters.

As a resident in Crockernwell and a professional ecologist I was thinking it would be great if we could follow suit with Exeter City Council, whom have partnered with Devon Wildlife Trust, to help combat the loss of wildflower meadow and assist in achieving a net gain in biodiversity (in-line with NPPF and the Dartmoor local plan)

The creation of wildflower meadows on the roundabouts and verges in Exeter has seen to be a great success. Not only looking great but with providing valuable habitat to invertebrates and therefore foraging birds like swifts and swallows and also bats such as common pipistrelle.

Is this something we could also try and implement in both parishes? Be great if we could also try and team up with the wildlife trust too as I understand the creation of more wildflower meadow is something they are really championing and is making a great difference to local wildlife. It certainly looks more natural than daffodils and short mown amenity grass which has very poor diversity and biodiversity benefits. If we could also potentially team this up with Cheriton Bishop school too that could also be a great way to help get the kids to understand the importance of wildflowers and the need to create more of this important lost native habitat.

I would be happy to assist in writing any management plans for implementing such habitat creation if this is something that could be implemented and also to engage with the school to see if this is something that could be of interest to them.

I also have a number of contacts at the wildlife trust which I could try to potentially see if they are interested in helping us implement such a strategy.

I welcome your thoughts.

Parishioner from Crockernwell

Agenda Item 9.10.20 a): Planning decisions pending from DNPA.

Number	Location	Proposal
0104/20	Castle Drogo, Drewsteignton	Improvements to disabled access, stone ramp and automated glazed door at main entrance to castle. Resurfacing of landscape to forecourt, servants' garden and east terrace

Agenda Item 10.10.20 b): DALC GDPR Training for Clerk & refresher for Cllrs.

Data protection workshop for Clerks, Officers and DPO's

So much has already changed since the advent of GDPR back in May 2018. It is important that Councils ensure they have the most up-to-date knowledge of not just GDPR, but other important legislation such as PECR. Our nationally-recognised data protection expert has worked extensively with Councillors, non-profit organisations and the information Commissioner to develop best practice guidance, which Councils can use to ensure they are not just meeting their legal obligations but actually ensuring that data protection is a tool to help them better communicate and engage with residents, and not something that hinders such communication.

Date: Thursday 3rd December 2020, 10am - 1pm

Cost: £30 + VAT per person

Data protection essentials & refresher for Councillors

Whether you are an experienced Councillor or have only recently been appointed, it is vital that you understand how data protection fits with your role as an elected member. With legislation and case law constantly evolving, this interactive session will provide you with an opportunity to make sure you are getting the essentials right and ensure you are meeting your legal obligations as a Councillor.

Date: Wednesday 9th December, 6pm - 8pm

Cost: £30 + VAT per person

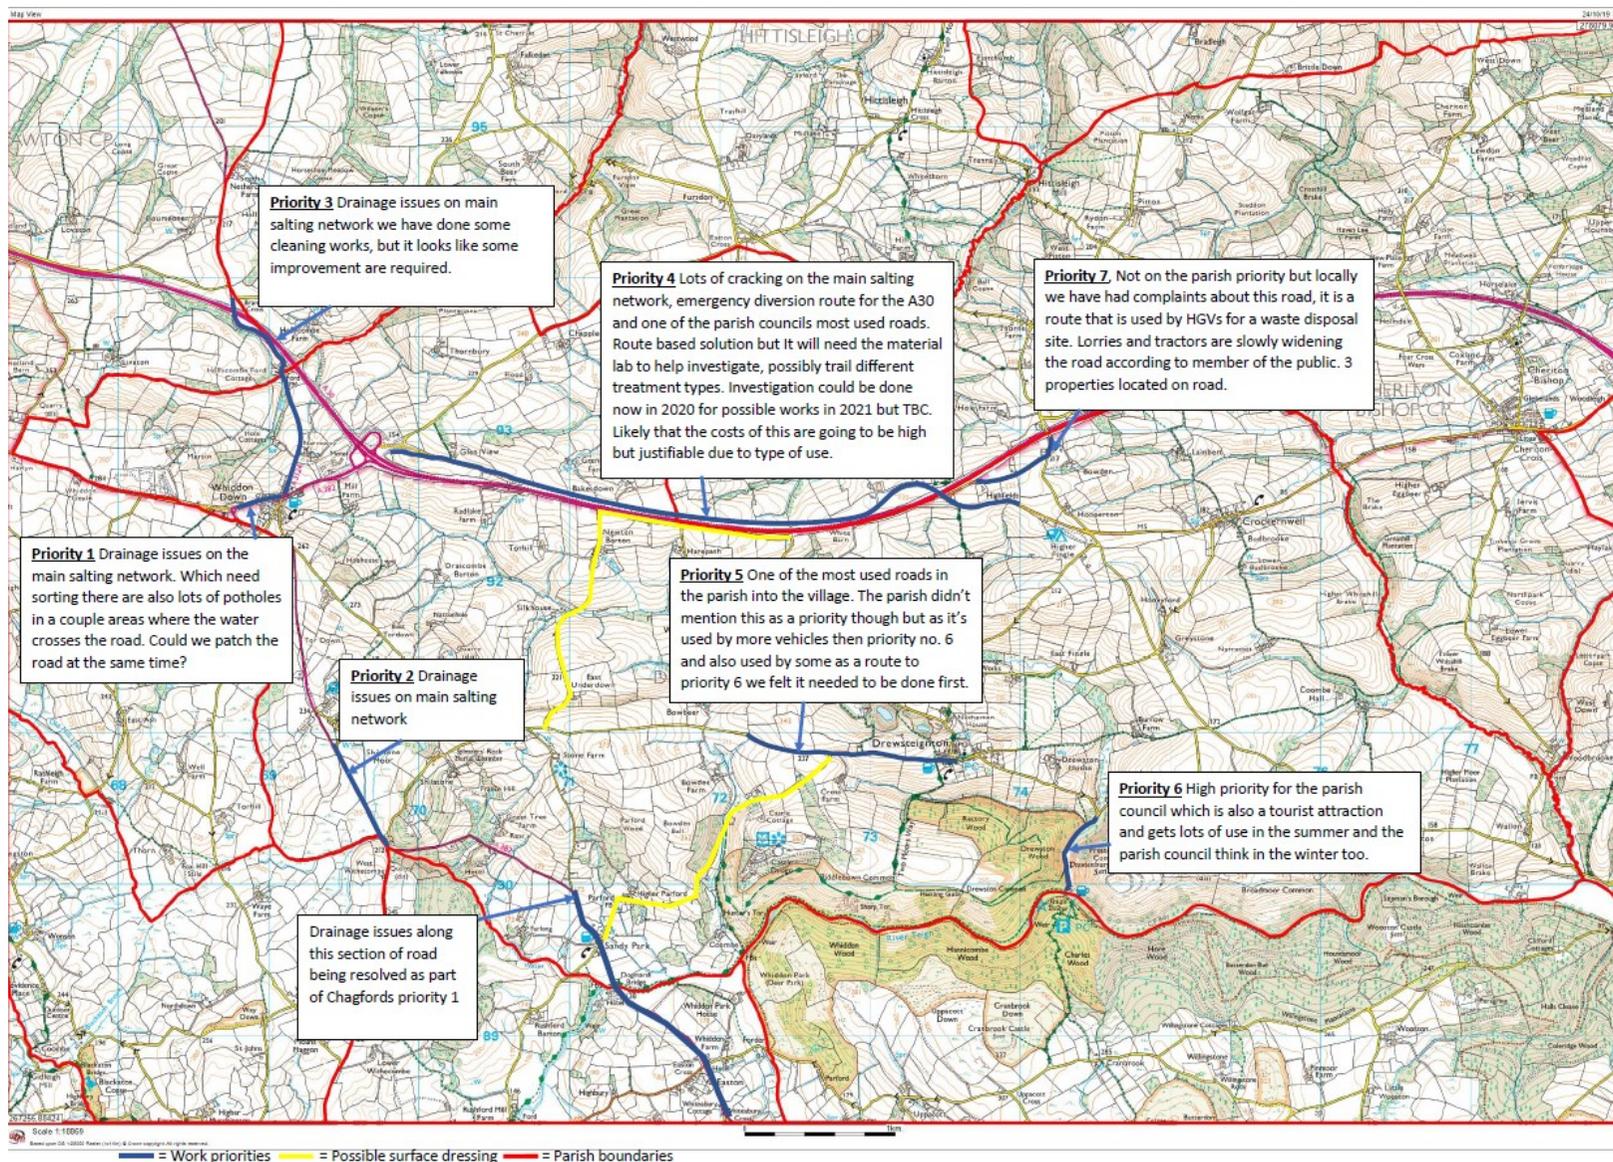

Council meeting held on Monday 19th October 2020, 7.30pm via Zoom.

Agenda Item 10.10.20 h): Doing What Matters – consideration of virtual meeting.

Parish	Priority number on parish works map (below)	Scheme No.	Order no.	Scheme Name Please look at your parish works priority map for extent of works	NSG Name Please look at your parish works priority map for the extent of the works	Primary works being undertaken	Predicted contractor
Drewsteignton	1	204259282	ORD2002193	A382 - EXETER ROAD - Drewsteignton CP	Exeter Road, Whiddon Down	Drainage improvements/road cleaning in preparation for resurfacing by A road team in the future	Skanska UK

Drewsteignton Parish Council – Meeting Support Document

Council meeting held on Monday 19th October 2020, 7.30pm via Zoom.

Agenda Item 10.10.20 i): DNPA Settlement Profiles update - Parish consultation.

Letter from DNPA:

Consultation – Settlement Profile Update 2020

You may remember that back in 2017 we consulted with you on a series of draft Settlement Profiles. These Profiles included useful information about each classified settlement within the National Park, such as population, housing, open space, services and communities' infrastructure needs.

With your help these Settlement Profiles have informed the Local Plan review, determination of planning applications and helped make clear what DNPA and communities know about their settlements. In an effort to keep this information up to date and relevant, we would like to once again consult with you. We would like you to inform us of any changes in your communities that should be reflected in the information in these Settlement Profiles.

You can find the Settlement Profiles on our website: <https://www.dartmoor.gov.uk/living-and-working/planning/planning-policy/background-evidence/settlement-profiles>

We would like you to download the Settlement Profiles for all settlements in your Parish, refamiliarize yourselves with them and then answer the attached questionnaire.

We understand that the COVID pandemic is continuing to affect our daily lives and that many Council's meetings will be affected. We will therefore give you longer than usual to respond, two months. Should you have any problems meeting this deadline, do please call and discuss this with us. Could we please ask that you **please respond to this consultation by 4th December 2020**, either by post or email at: forwardplanning@dartmoor.gov.uk.

QUESTIONS:

- 1. Introduction: Does the introduction provide an accurate summary description of your settlement, and where relevant the main shopping area?**
- 2. Local Issues: Are the identified priorities for infrastructure delivery and open space, sport and recreation still accurate and up to date? If not, please let us know how your priorities have changed**
- 3. Map 2: Are all areas for open space, sport and recreation mapped accurately? Are any updates required?**
- 4. Map 3: Are all key local facilities and services mapped accurately? Are any updates required (for Rural Settlements and Villages and Hamlets services are shown in a table on page 8)**
- 5. Can you identify any other inaccuracies?**

Thank you for taking the time to complete this questionnaire.

Remember you can keep up to date with the Local Plan review at www.dartmoor.gov.uk/localplan and, by following us on [Twitter@DartmoorPlan](https://twitter.com/DartmoorPlan) or [Facebook/DartmoorPlan](https://facebook.com/DartmoorPlan)

Council meeting held on Monday 19th October 2020, 7.30pm via Zoom.
